PROJECTS

T.E. Mini Project | Team Size: 02
Online Doctor Appointment System

- Designed and developed the frontend of an Online Doctor Appointment System using HTML, CSS, Bootstrap and JavaScript. Built a responsive and user-friendly interface for patients to search doctors, book appointments, and view schedules. Implemented interactive forms, intuitive navigation, and appointment confirmation features to ensure seamless user experience.

CERTIFICATIONS

- NPTEL - Deep Learning (Silver + Elite)
- NPTEL - Machine Learning (Elite)
- NPTEL – Data Analysis (Elite)

PARTICIPATED ACTIVITIES

- Actively participated and secured victories in Cricket and Volleyball tournaments.
- Participated in College Coding Competition, showcasing problem-solving and programming skills.

LEETCODE

https://leetcode.com/u/engg/

ADDRESS

N3 Hostel, CSMSS Chh. Shahu College of Engineering
Sambhajinagar, Maharashtra, India.
431005

TECHNICAL SKILLS

Python,
Libraries (NumPy, Pandas),
HTML, CSS, Bootstrap,
RDBMS (MySQL, PostgreSQL),
Excel and Advanced Excel

ACHIEVEMENTS / AWARDS

Solved 350+ Leetcode Problems,
Solved 50+ database problems on Leetcode,
Achieved 4 Leetcode Badges

PERSONAL SKILLS

Soft Skills
Good Communication
Team-work
